

前言

澳大圖書館館訊是一個館員與讀者雙向溝通的園地，希望透過此溝通管道，能讓讀者瞭解圖書館多一點；亦希望透過此刊物，將圖書館的最新消息傳播開來。我們期待廣大讀者參與圖書館舉辦的各項活動，從而增加對圖書館服務的了解，同時對圖書館工作提出寶貴的意見。

Preface

The UM Library Newsletter is a garden where the librarians and the readers communicate with each other. It is hoped that through this communication channel, all readers can learn more about the library, which disseminates its news in this publication. By participating in a variety of activities organized by the Library, we expect that library readers will gain more knowledge of library services and meanwhile provide us with valuable insights on future library services.

“文化共享工程”是全國文化信息資源共享工程的簡稱，是2002年起，由文化部、財政部共同組織實施的一項國家重大文化惠民工程。它應用現代信息技術，將中華優秀文化信息資源進行數字化加工與整合，依托各級公共圖書館、文化館(站)等公共文化設施，通過互聯網、廣播電視網、無線通信網等新型傳播載體，在全國範圍內實現中華優秀文化資源的共建共享。

A few days ago, the UM library provided a series of films of "Cultural Sharing Project" to Shiu Pong College which the students in this college can watch in their leisure time and enrich their after-school life simultaneously. There are different types of films including cultural, educational, art, and popular science films.

"Culture Sharing Project" is short for the “National Cultural Information Resources Sharing Project (NCIRSP)”, which is a major cultural people-benefit project jointly organized and implemented by the Ministry of Culture and the Ministry of Finance since 2002. Modern information technology is used in the NCIRSP for digital processing and integration of excellent Chinese culture and information resources. Excellent Chinese cultures are constructed and shared all over China by the Internet, broadcast network, wireless communications network and other new communication carriers, relying on the public cultural facilities covering public libraries at all levels, cultural centers, etc.

BOYA TALK OF THE UM LIBRARY

PORTUGUESE LANGUAGE IN THE ATLANTIC

Nowadays, less than 5% of all Portuguese speakers use European Portuguese, the metropolitan variety that has in the foundations of all Portuguese translated varieties. In order to understand the factors that led to this state of affairs, in this talk, I will discuss the Portuguese language situation in the Atlantic, in particular in Africa (Cape Verde, Guinea-Bissau, São Tomé and Príncipe, Angola and Equatorial Guinea) and in Brazil. I will show that the very expression of Portuguese in these contexts can be linked, more than to legal and socio-creolite phenomena such as substrate processes (mostly originated from rural areas in Africa), mass schooling (post-war, in general), mass media (press, radio, and television), and formalisation conditions. On the other hand, it is also associated with the adoption, by the local elites, of Portuguese as an official language and an instrument of the State, after independence. This option led to a concrete language shift by the people on these contexts which prevented Portuguese in the detriment of local languages. At the same time, I will discuss some aspects of the economic relationship between China and the Portuguese speaking countries (PALOP) and the importance of Portuguese language in this partnership.

CAMÕES AND THE WORLD

RESUMÉ

My late friend (London 1916), the first person to ever have translated poems to have published English translations of all of Camões' poetic work, used to say and write that Camões was the first great European poet to have crossed the Equator and that he experienced in the East made his discoverer want to report his travels.

When we think today about exploring travel, writing or drinking the same things in California, Southern Africa, Portugal or Mexico, reading in money and goods, remembering through a week-end exploration, we don't usually think about where all this comes from. Yet it comes really from a new awareness of the use and extent of the world of those things that was born around Camões' lifetime and was very much in Portuguese authors in opening the world to the world itself (rather than merely as records).

In this sense, the poetry Camões wrote, in both epic and lyric forms, is one of the first and greatest poems to reach for an awareness of world and the beyond, starting from below. Camões' reader and translator, as well as his influences and perceptions about what was particularly new and different, are an essential part of what he means to the world today.
