

## **To Get Your Library Books Quickly and Efficiently -- A Workshop on "Book Approval Plan" (19/03/2012)**

Dear All,

In order to acquire the newly published books available in the world market as soon as they are published, the Library has initiated a book acquisition plan called "Book Approval Plan" in cooperation with our book vendors since 2007. Under this plan, the new books will arrive automatically according to subject profiles as pre-set by members of our teaching staff. Up to now, all of the 5 Faculties of UM have joined this plan and set up 38 core subject areas for book acquisition.

There is a constant need to refresh/update the Plan from time to time and keep it synchronous with our ever-evolving curriculum. The next occasion to do so will be on 27 March 2012 when our Library Book Approval Vendor -- YBP Library Services (based in US) -- will come to UM to conduct a Workshop to introduce their new services and to set up (or update) subject profiles in collaboration with our faculty members. The following lists the time and venue of the Workshop:

### **Workshop on "A System to Receive New Publications in Your Area Automatically and Quickly -- Library Book Approval Plan"**

**Time & Date :** 10:30 am, 27 March 2012 (Tue)

**Venue:** Orientation Room 1, G/F, UM Library

**Speakers:** Senior Managers of YBP Library Services

**~~ YBP Library Services, a Baker and Taylor company, is a book vendor that all of the universities in Hong Kong and many in US are using as their major book vendor~~**

Please come to join us in this Workshop. If you are interested, please register with us by sending email to [lib\\_acq@umac.mo](mailto:lib_acq@umac.mo) on or before 23 March 2012 (Friday).

**All are Welcome!**

Regards,  
UM Library
