

## **Library Workshops for Research Skills (30/01/2015)**

Dear All,

Knowing that library resources are important to support your research needs and academics are interested in knowing the best way to publishing in academic journals, the Library has organized two workshops with details as follows:

Workshop 1: Using the features of Taylor & Francis Online (2 February 2015, 15:00-16:00)

This workshop will introduce the key and latest features of the "Taylor & Francis Online" database, showing users how to make full use of the subscribed contents (such as education, engineering, geography and social sciences) and learn more about mobile pairing.

Workshop 2 : Scientific publishing: maximizing your research impact (13 March 2015, 15:00-16:00)

This workshop will give an overview of IOP scientific publishing and show how to make the most of the process in research sharing.

Kindly refer to the attached poster for more information.

All are welcome!

Regards,

UM Library
