

Announcement of the Launch of the UM E-Theses Collection (06/09/2011)

Dear All,

We are pleased to announce the launch of the UM E-Theses Collection. This collection provides online access to the theses and dissertations written by UM postgraduate students of the University and deposited with the University Library. Some contain tables of contents and abstracts, while some are full-text. This comes as a result of the Library's proposal made in 2009 to the Senate requiring all post-graduate students to submit electronic copies of their master and doctoral theses, in addition to hard copies, to the Library for the purpose of building up an electronic database.

To try it, please click into the following link --

http://library.umac.mo/html/e_resources/lib_theses/main.asp

Please note that a direct link is also available on the Library's Homepage (<http://library.umac.mo/lib.html>) under "Quick Links".

Regards,
UM Library
