

## **UM Library Now a Member of an International Interlibrary Loan Network (15/04/2010)**

Dear All,

We are pleased to announce that our Library has been accepted as a member of the RapidILL system, an international interlibrary loan network developed at the Colorado State University Libraries in USA. Through this system, our users will be able to obtain the journal articles free of charge from a large number of academic libraries overseas with a much faster turnaround time.

As one of RapidILL members, the resources we can access from the collections come from nearly 80 member libraries in the United States (e.g., University of Pittsburgh, Colorado State University, University of Oregon), Hong Kong (all 8 public-funded universities), and a couple of research institutes in Taiwan.

You are welcome to use this service for your research, teaching and learning. As usual practice for Interlibrary Loan with other libraries, eligible users (graduate and fourth-year undergraduate students, faculty members, administrative and research staff) may login at [https://library.umac.mo/services/reference/inter\\_loan/login.asp](https://library.umac.mo/services/reference/inter_loan/login.asp) to send their requests.

Should you have any inquiries, please feel free to send us an email to [lib\\_ref@umac.mo](mailto:lib_ref@umac.mo).

Regards,  
UM Library
