

Databases on trial (22/04/2005)

In order to support faculty members in their teaching and research, the Library has already acquired a substantial number of electronic databases. To further develop along this line, the Library constantly liaises with database vendors to have their new products tried out by our colleagues before we decide to purchase them or not. The latest database for trial is Taylor and Francis online journals which is now available online to us until 14th July 2005. The Taylor and Francis online journals cover many subject areas such as humanities, social sciences, life sciences, physical sciences and so on. Please use the link provided in our Web page of Trial Databases or directly go to <http://www.tandf.co.uk/journals/> via campus network for your trial and kindly give us your comments at lib_ref@umac.mo.
