

Britannica Online Newly Subscribed (30/08/2005)

We are pleased to announce that the Library has subscribed to the Britannica Online, which mainly includes 4 Encyclopedias, namely, Encyclopaedia Britannica, Britannica Student Encyclopedia, Britannica Elementary Encyclopedia and Britannica Concise Encyclopedia.

To facilitate the convenient usage of this very important reference tool, the Library has mounted the Britannica Online on the first page of its homepage(<http://library.umac.mo/lib.asp>). Please go directly to that and click into the icon of Britannica Online for access or use the link provided in "Databases" Section at our website.
