

Database On Trial: Wiley InterScience E-journals (26/09/2005)

In order to support faculty members and students in their teaching, learning and research, the Library has already acquired a substantial number of electronic databases. To further develop along this line, the Library constantly liaises with database vendors to have their new products tried out by our users before we decide to purchase them or not. The Wiley InterScience E-journals is the latest one.

The Wiley InterScience E-journals allows online access to the full text of approximately 400 journals in business, chemistry, engineering, medicine, psychology, and science, etc. published by Wiley. Please refer to the attached file for the list of the journal titles.

E-journals list

You are cordially invited to try out this online database via the campus network until 31st October 2005. Please use the link provided in "Trial Databases" at our web site or directly go to its website at <http://interscience.wiley.com> to start searching.
