

A New Library Service: "A to Z" E-Resources Portal (04/12/2009)

Dear all,

During the recent years, the Library has acquired quite a large number of electronic resources (e-journals, e-books, etc.) and also established links with some 8,000 open access journals available on the Internet. In order to enable our users to access these online resources in a more convenient way, we are pleased to launch a new system -- "A to Z" E-Resources Portal. This system will allow our users, in one go, to easily browse, search, and use this very rich collection.

This system provides useful and helpful search tools such as title and subject access, various directories, etc. To use it, kindly click the link at <http://atoz.ebsco.com/providerindex.asp?id=8878&sid=74213386&TabID=1> or the link of "A to Z" E-Resources Portal on the Library's homepage.

Please let us know at lib_ref@umac.mo for any enquiries.

Regards,

UM Library
