Service Enhancement: WebBridge in Our Library Catalog (27/11/2009)

Dear All,

We are pleased to inform our users that WebBridge, a tool that offers smart linking from the Library Catalog to databases, e-books, general reference, and search engines, etc. is now installed in our Library Catalog. It will help you to simplify your work in searching the Library's resources.

With WebBridge, you no longer have to manually enter the search terms to look through the Library's subscribed databases or the Internet resources in order to find more or other related information. WebBridge does the work for you.

You can find the step-by-step process on how to use the WebBridge in the following for your reference.

Should you have any inquiries, please feel free to contact us at lib_ref@umac.mo.

Regards, UM Library

How to use the WebBridge?

Step 1: Go to the Library Catalog at http://umaclib3.umac.mo/, and enter "computer science" to perform a search as an example.

Step 2: Click on the first title.
