

Come and Join the Information Literacy@UM Library (09/04/2009)

Dear All,

Do you have any problems while doing your learning and research? -- Not able to get the information that you want? Not familiar with using library resources and services? No confidence to use your data sources? If so, Information Literacy@UM Library, the Library Information Literacy Program, organized by the Library with input from UM Students' Union and UM Postgraduate Association, might help you to solve these problems.

As for the details about this training program which will start from 21st April, 2009 and its course schedule, please click the following link to visit its webpage --
<https://library.umac.mo/services/reference/libprog/asp/libprogram.asp>

The courses in this training program are divided into two categories of student groups (undergraduates and postgraduates) with about 30 classes for online registration. Each participated student will get one Smart Point after two courses attended. While this program primarily aims at our students, staff members are also welcome to enroll (subject to availability of places). [Faculty members are encouraged to bring their students to these classes after registration.](#) For any enquiry, please contact us at lib_ref@umac.mo or by calling 8397 8171 or 8387 8191.

Thank you for your kind attention.

Regards,
UM Library
