

Library Orientation Programs for New Students (12/09/2008)

Dear All,

At the beginning of every new academic year, the Library offers new students the library orientation programs, which provide an overview of how to use the facilities, services, and collections of the Library, particularly highlighting the search skills in using e-resources such as e-books, e-journals and databases.

Faculty members are encouraged to enrol their students for this orientation program. If any of the faculty members would like to do so, please download the application form, fill it in and then submit it to the Reference Desk of the Library, or send it to lib_ref@umac.mo for reservation.

Moreover, the Library also provides a Library Online Orientation Program and the Library Users' Manual available online for easy reference.

Regards,
UM Library
