Launch of the MALA E-Resources Center (11/11/2014)

Dear all,

"Macau Academic Library Alliance" (MALA) was established in May 2013. The members of MALA include 9 academic libraries in Macau, which are University of Macau, Macau Polytechnic Institute, Institute for Tourism Studies, Macao, Escola Superior das Forças de Segurança de Macau, Macau University of Science and Technology, City University of Macau, University of Saint Joseph, Kiang Wu Nursing College of Macau, and Macau Institute of Management.

In order to accomplish resource sharing and mutual development among libraries, the University of Macau Library, on behalf of MALA, has established a MALA Electronic Resources Center platform. Faculty members and students of all 9 institutions can now have free access to the electronic databases available in this Center. Our users may access the platform through the UM Library webpage or click the following link to have direct access: http://library.umac.mo/html/org/mala/index_c.html.

Should you have any enquiries, please feel free to contact our staff at Reference Desk or by calling 8822-8170. Thank you.

Regards,

UM Library
