

Database On Trial (21/06/2006)

Dear All,

In order to support faculty members and students in their teaching, learning and research, the Library has already acquired a substantial number of electronic databases. To further develop along this line, the Library constantly liaises with database vendors to have their new products tried out by our users before we decide to purchase them or not. The Books24x7 is the latest one of this kind.

Books24x7 -- It enables users to search and browse e-books, providing both broad and deep coverage of different topics about information technology. Please try it out at <http://library.books24x7.com> until 15th July 2006.

You are cordially invited to try out this database via the campus network. Please also use the link provided in "Trial Databases" at our web site or directly access its website for your search.

Please kindly give us your comments on this online database on trial at lib_ref@umac.mo.

Regards,
UM International Library
