

Library Professional Development Seminar Series (2) (10/04/2007)

Dear All,

In order to enhance the Library staff's professional skills so as to be able to provide an even better service to members of the university community, the Library had initiated a new in-service training program, entitled "Library Professional Development Seminar Series". Under this series, library experts from outside of Macau will be invited from time to time to come to share their valuable experience with the Library staff. Although the series will primarily aim at the Library staff, interested members of the university community are also welcome to participate as a way of getting to know the library operation as well as the staff who are serving you.

Following the very successful first seminar, which also attracted library colleagues from MUST and IPM, held on 19 January 2007, the *second* seminar of this series will take place on 16 April 2007. For further details, please refer to the attached poster.

Regards,
UM Library
