

## Macau Library Week 2007 – “BookCrossing” Activity (19/04/2007)

Dear all,

As part of the “Macau Library Week 2007”, the University Library and the University of Macau Students’ Union have co-organized a “BookCrossing” activity. This kind of books sharing activity, originated from Europe during the 60’s, encourages book lovers to share their good books with one others. The “BookCrossing” period will be from 23 Apr 2007 to 22 Apr 2008.

The shared books will be placed on “BookCrossing” bookshelves located at the University Library and the University of Macau Students’ Union. For further details and information, please see the attached files.

Sharing your used books has never been more exciting and more serendipitous, than with “BookCrossing”. Our goal, simply, is to make the whole world a library.

Regards,  
UM Library
