

Follow Us on Social Media! (18/09/2013)

Dear All,

As a way of continuously improving the library service, the Library has used popular social media such as Facebook. We are pleased to announce that we are now using two more social media -

- **Twitter** and **Weibo** -- starting from this new academic year. If you are on those sites, we hope you will find these media as a friendly way to learn more about what's going on in the Library.

You are also welcome to give us feedback, and share our Library news, activities and events with your fellow colleagues and students. Come and join us on the social media below and let's keep in touch.
