

Come and Join the "Library Skills Workshop" (17/09/2013)

Dear All,

Warmest greetings for the new academic year!

As you all know, the library resources are very important to your research and study in the University. We are, therefore, happy to provide the library users with the [Library Skills Workshop](http://bit.ly/umlibraryworkshop), which is designed to equip our users with necessary skills in using library resources for their research, learning and report writing.

This training workshop will be held from [23rd September to 30th October](#) this year and the courses are divided into three categories: Research Guidance, Library Search, and Auxiliary Tools.

For details, please visit our webpage at <http://bit.ly/umlibraryworkshop>. If you want to sign up for the courses, please click "Courses Schedule" for registration on the same webpage.

All library users are welcome to enroll in any courses in this workshop and the teaching members are also recommended to encourage their students to register for these courses.
